**PHOENIX STANDING DESK COMPANY ANNOUNCES BLACK FRIDAY SALE**

*MultiTable to hold amazing sale on height-adjustable desks during last week in November*

**PHOENIX, AZ** (November 22, 2016) – MultiTable is one of the nation’s leading companies in manufacturing and selling height-adjustable standing desks. Starting next week, their products will be even more affordable for a limited time during their Spectacular Black Friday Sale.

“This might just be the best sale we’ve ever had,” says Drew de Weerd, President at MultiTable. “At 20% off all full-priced items on our website, this really is the best time ever to start your standing, healthier working lifestyle. Not only are all of our standing desks included in the sale, we’ve also marked down all of our accessories and custom orders.”

All full-priced items on the MultiTable website, [www.multitable.com](http://www.multitable.com), will be reduced by 20%. The sale will launch on Wednesday, November 23 and will last through November 30. Buyers can earn the 20% off discount by entering promo code TY20 at checkout.

[MultiTable products](#) include their Manual Standing Desk, Electric Standing Desk, and L-Shaped Standing Desk, as well as their wide selection of ergonomic accessories to enhance the experience of their height-adjustable desks. Popular accessories include monitor arms, articulating keyboard and mouse trays, CPU holders, wheel kits, and cable management tools.

In addition to their three standard height-adjustable products, MultiTable allows customers the unique option of customizing the color, finish, and size of their standing desktop. Allowing buyers this luxury at a reduced price is the highest value of the sale.

As if the 20% off Spectacular Black Friday Sale wasn’t good enough, MultiTable is taking saving to the next level for Cyber Monday. A mysterious bonus offer will be announced on

November 28 that will only be available that same day. Stay informed on MultiTable offers by signing up for their email list or following them on [Facebook](#), [Twitter](#), or [LinkedIn](#).

“Giving the gift of a MultiTable standing desk is about more than just furniture,” says de Weerd. “You’re also providing an opportunity for your colleagues, friends or those you care about most to live a healthier and longer life.”

Standing periodically throughout the day has shown to decrease a multitude of health risks including cancer, cardiovascular disease, diabetes, and more, not to mention standing while working has shown to increase productivity by 10%.

### **About MultiTable.com**

The MultiTable story began in 2010 when founder Drew de Weerd went online in search of an affordable, high-quality height-adjustable standing desk with no success. Instead of giving up, he realized there was a need to create a stand up desk that was durable, easy to assemble, and provided the health benefits that are inherent with a sit-and-stand desk. Since then, MultiTable has become one of the nation’s premier retailers of height-adjustable standing desks and ergonomic accessories.
